

Rio Salado Cowboys Stage Conventions

1. Rio Salado Cowboys “default” starting position is “at the ready”, unless stated otherwise to the stage descriptions. At the Ready has the shooter standing any way they desire, not touching guns or ammo.
2. There are no stages where you must start at the SASS default. The shooter may stand in any way they desire as long as their hands are where indicated in the stage descriptions. Example: if hands on hat or on window frame, etc.
3. Guns must be shot from the table, fence or square as indicated in the stage instructions.
4. If the shooter STARTS at a position with NO window on the prop, they must have 2 feet behind any part of the prop. After the beep, they must maintain at least 1 foot behind the starting prop and any other shooting positions with NO window.
5. Any shooting position that has a window, the shooter may stand anywhere behind the prop as long as they shoot the targets through the window. In other words, NO foot faults where there is a prop window.
6. When stage instructions note: “repeat”, it means repeat the instructions.
